"Yes, we all arrived back in Sweden yesterday after 8 absolutely splendid boating days aboard Sarita Si in the beautiful Croatian waters. The Captain, his crew and the boat is first class all the way. The spirit onboard, the professionalism, the hospitality, the careful attention and the good humor made this one of the best vacations for the entire family ever. And I can assure you that we have travelled the world so we can compare (We offered the Sarita chef to come with us to Sweden. He declined unfortunately)."

"Dear Peter, Tanya and all wonderful crew members, Well at home, where we enjoy (yes, we do!) the same high temperatures as we had during our cruise with you K. and I can only thank you of all our hearts for the hospitality and endless care you spent on us. We enjoyed every minute and felt so happy with you – everybody – but we have still to thank Tracy in particular for all her services during odd hours and for seeing to it that there was no fatal want of ginger ale during the whole cruise! If I were the captain of such a ship I would be very proud of it and of the crew, making such good justice of it and of our voyage. We also are so grateful for your kindness to arrange the pirate party and taking part in it with such splendor. Black spot, yes!!! You have given us a dear memory for life. Kisses and hugs respectively to all of you ."
