Holland Jachtbouw launched the 141 ft schooner THIS IS US in late 2005. She has a carbon mast and sophisticated rigging fitted to this lightweight, high-performance yacht.

The yacht has also been optimised for family cruises. Built to MCA, THIS IS US has an ideal layout for chartering, with an owners stateroom, VIP suite, two guest cabins and generous amounts of deck space. Designed by André Hoek, THIS IS US has slim low-freeboard lines, long overhangs and a modest pilothouse. Her rig follows the trend for high-aspect mainsails and roached foresails, while a lifting keel offers access to shallow waters.
