M/Y Harun offers five luxurious guest cabins for up to 10 passengers. The master suite is located on the main deck, features a king bed, an en-suite bathroom, a walk-in closet and a private access to the Jacuzzi located at the bow.

The VIP cabin located at the bow features a queen bed, en-suite bathroom and a very large walk-in closet. There are 2 double cabins located amidships each with 2 queen beds and private bathrooms. Finally the Twin cabin located portside offers two single bed and an en-suite bathroom.

The yacht's consumption is really impressive: 160 liters/hours at 12 knots, which makes Harun a fuel efficient yacht for her size range.

She has a nice 6 crew including an excellent Chef.

Moreover, her two Jacuzzi (one on flybridge & one on the bow), her Zero speed stabilizers and her keel make Harun one the most interesting and surprising yacht on the market.
