2 x 1 seat Kayaks

3 x Seabob

1 x wake board

1 x sea pool

1 x donut

Bilgin Yachts launched the 45m Tatiana in 2011 as a conceptual superyacht designed by the acclaimed German designer, Joachim Kinder. This is the second hull from Bilgin for the same Owner and the vessel received much acclaim upon delivery.

Tatiana has very sleek and fluent lines and along with her dark blue hull, she stands out against other yachts of her size. Her chic exterior translates to the modern and spacious interior design created by Kinder. The balanced colour palette is light and fresh, the windows in the salon let in lots of natural light, giving guests the impression of space and open sea.

The yacht can accommodate for 12 guests in 6 luxurious cabins.

The OWNER'S STATEROOM is situated on the upper deck, consisting of a Spa area which includes massage room, shower and steam room for up to 6 guests, luxuriously bathroom, extra owner's office with TV and independent alfresco area with jacuzzi. In the Stateroom, the TV descends from the ceiling and can be turned on 180° to face the jacuzzi.

All of this is framed by natural light courtesy of the large surrounding windows. The Spa area can be separated from the owner's private space, so that the guests can enjoy the Spa facilities without disturbing the principal charterer by accessing from the wheelhouse.

The large full-beam VIP STATEROOM is situated on the main deck forward and proposes her guests electric bed, mini-fridge and plenty of storage space. These quarters include a generous size bathroom with bathtub, bidet and toilet from the large shower with music speakers inside. The bathroom is separate from the bedroom by large automatic sliding opaque glass doors.

The main deck boasts a fully equipped HOME CINEMA/THEATER ROOM, with the large windows that can be blacked out with blinds. The multimedia consists of multilingual videotheque.

The lower deck offers FOUR COMFORTABLE DOUBLE GUEST CABINS, all providing spectacular views through the outstanding, large portholes, providing guests with a sense of space and luminosity. Each cabin offers with king size bed, en suite bathroom and flat screen TV. Two of the guest cabins also have additional Pullman beds.

The flybridge, dominated by an impressive Dip Pool (fresh or seawater as desired) and a large adjacent sunbed area, shaded, but easily turned into an open space by use of the retractable awning. Outside amenities include a barbecue/grill ice-maker, bar and L-shaped dining, as well as the DOMOS sound system with Mordaunt-Short speakers.

The bow offers further sunbathing areas.
